About

■ Hi, my name is Togepi! ■ I'm an almost 3-year-old fixed, handsome all-gray Domestic Shorthair boy with beautiful golden eyes and the cutest little funny pointy-tipped ears! I may be a little shy when we first meet, but don't let that fool you. There's a whole lot of personality hiding behind this distinguished gentleman's exterior! I came from a difficult hoarding situation, so adjusting to new surroundings and learning to trust can take me a little time. The famous 3-3-3 rule is especially important for me! I just need a little patience, understanding, and time to feel safe. Once I settle in, you'll start seeing my true spunky, playful, and affectionate personality shine through. ❤■ I'm great with other cats and have spent time with all kinds of feline friends here at the Little Wichita Barn, from tiny kittens to grown-up seniors. I especially love playing with the kittens! I'm also a very active boy, and one of my absolute favorite things is running and sprinting on the cat wheel. I take my exercise very seriously! I'm litter box trained, sweet once I get comfortable, and would do best in a quieter, adult-only home where I can
