Attributes

Good on car rides • Good with Dogs • Resource Guarding

About

Rowdy and Ruckus are bonded companions who lost their owner when they passed away. After the family home was sold, the pair ended up living in an outdoor kennel despite having spent their entire lives as indoor pets. Another rescue recently reached out for help, and now these loving dogs are searching for a new forever home. They have known nothing but love throughout their lives and deserve a family who will treasure them once again. ❤■■
