About

Meet Sneaky Pete! Don't let the name fool you—this resilient little girl got her boy name by mistake, but it only adds to her charm. Having already used up two of her nine lives beating both a severe bowel impaction and Panleuk, she is fully recovered and making up for lost time (and two weeks in isolation). She loves to romp around with other kitties and chase, pounce, and play with toys. But once the sun goes down, she turns into the ultimate lovebug who snuggles up close for bedtime cuddles. -cchen(foster mom)
