About

Meet Junie (aka JJ / June) ♥■ Big floppy ears, long legs, and so much love. Junie is a goofy, springy, sometimes derpy girl. She loves to run and gets the happiest zoomies when she has space to stretch her legs. She LOVES to play fetch and tug. She also loves to snuggle and is fully convinced she's a lap dog. She can be very timid with new people—more so men—and tends to be fearful in unfamiliar environments. She may bark reactively when she feels scared or overstimulated, but this is fear-based. Though she has a big bark, she has never shown aggression. She needs patience, slow introductions, and time to feel safe. JJ is especially fearful of large dogs and can become very anxious around them. Once she feels comfortable, she is incredibly sweet, affectionate, smart, and playful. She is very food motivated and loves treats. She also absolutely loves kids and has been gentle and loving with ours. Things that help her: • Slow introductions • Calm voices / energy • Time to decompress • Space to RUN • Fetch / tug time • Treats Things to know: • She will bark when she's nervous • She
