About

Damien is a big o'l old boy that is just looking for a Furever home that includes LOTS of Treats - but the trick is he is diabetic so they his treats are special for diabetic kitties. But let me tell you this boy LOVES treats! Time for his insulin shot? Shake the bag of treats and he doesn't even notice - super easy! So don't let that he needs insulin twice a day scare you away. His adorable personality and sweet disposition will win your heart.
